Paper Cutter Sticks

Modern production facilities enable us to provide virgin compounds to meet the demands of today's cutting tools, with materials developed to ensure optimum performance and durability for all knife types. Available in red, beige-grey soft white, and cream. Made from high density polyethylene, unplasticised polyvinyl chloride, and nylon. Standard and custom sizes are available. Whether you are using a standard carbon, high speed, or tungsten-carbide steel knife, we carry the right cutting stick for you.

Plastic Jogger Aid/Block - General Use

A fully assembled jogger block made of 3/4" heavy-duty Kimoplastic™. Strong magnetic base and a face assembled at a perfect 90° angle helps jog bottom sheets perfectly and align paper stocks for square, precise cuts. A rounded handle and easy sliding capabilities reduce operator fatigue and provides a natural grip.	3" x 8"	Urethane	PJB3X8	\$41.18	-6.18	\$35.00
